## With a Little Bit o' Luck, You Can Qualify for a \$300 Federal Tax Credit Plus a Direct Savings from Your 1 Plumber.

Trust us, this isn't something we cooked up just for St. Patrick's Day...let's call it a pleasant coincidence.

Because yes, the US government, once again, is offering a federal tax credit on the purchase of a high efficiency home water heater on the following systems:

- Electric heat pump water heaters with an energy factor of at least 2.0
- Natural gas, propane, or oil water heaters with an energy factor of at least 0.82 or a thermal efficiency of at least 90%

### Here's how this Energy Star program works:

- The program covers purchases made between January 1, 2012 and December 31, 2013. So yes, if you purchased a high efficiency water heater on or after 1/1/12, you may already have qualified!
- Even if your system doesn't meet the Energy Star criteria, you'll receive a \$150 discount on your purchase from Your 1 Plumber.
- That means your total savings – between the tax credit and our own discount – could be as high as \$450.

At Your 1 Plumber, **we install the very best in high efficiency water heaters, including gas, electric, and tankless gas units.** While each type has its own unique benefits and features, here's one thing they have in common: reduced energy consumption. Our company has made a big commitment to help valued customers like you lessen your reliance on natural resource consumption without sacrificing any comfort or convenience.

## Green & Healthy Living Tips

### Reduce Food Waste

**The National Resources Defense Council estimates that 40% of food in the U.S. (about \$165 billion worth per year) goes uneaten. If we reduce that by just 15% percent, an additional 25 million Americans can be fed.**

And now, the federal government is encouraging you to do the same thing with the current tax credit program. You see, **your water heater accounts for about 25% of your total home energy consumption.** By purchasing a new, high efficiency system, you can save hundreds of dollars every year on your utility costs.

Here are a few other water products and services we offer:

- **Expert repairs** on all makes and models
- **Water and gas leak alarms** that alert you should a leak occur – even when you're not at home – and simultaneously shut off your water heater to prevent damage.
- **Water heater recirculation pumps** to increase your hot water supply without the need for a larger storage tank and with no added energy expense.

## Special Savings from Your 1 Plumber

Remember: whether or not you qualify for the Energy Star tax credit, **you'll save \$150 on your purchase of any new or replacement water heater with the coupon on page 3 of this newsletter.**

May good luck and health be yours this month and all year long.

Happy St. Patrick's Day!

Sincerely,

William Kirkorian  
President

## Our Favorite Recipes

### Irish Brown Bread

"This simple crusty brown quick bread is one of the most popular Irish bread recipes and gets its hearty flavor from whole wheat flour and rolled oats."

#### Ingredients:

- 1 cup all-purpose flour
- 2 tablespoons sugar
- 1 teaspoon baking powder
- 1 teaspoon baking soda
- 1/2 teaspoon salt
- 1 1/2 tablespoons cold butter or margarine
- 2 cups whole-wheat flour
- 1/4 cup regular or quick-cooking rolled oats
- 1 1/2 cups plain nonfat yogurt
- Milk

#### Directions:

- 1.** In a bowl, mix all-purpose flour, sugar, baking powder, baking soda, and salt. With a pastry blender or 2 knives, cut in butter until mixture forms fine crumbs. Stir in whole-wheat flour and oats.
- 2.** Add yogurt; stir gently. If mixture is too dry to hold together, stir in milk, 1 teaspoon at a time, just until dough holds together; it should not be sticky.
- 3.** Turn dough onto a lightly floured board and knead gently 5 times to make a ball. Set on a lightly greased baking sheet. Pat into a 7-inch circle. With a floured knife, cut a large X on top of loaf.
- 4.** Bake in a 375° oven until well browned, about 40 minutes. Cool on a rack. Serve warm or cool.

## You Gotta Laugh

"The list of Irish saints is past counting; but in it all no other figure is so human, friendly, and lovable as St. Patrick – who was an Irishman only by adoption." *Stephen Gwynn*

### New Water Heater
