Thank you!

This WAGS is No Dog. But it IS a Potential Property and Life Saver.

There are two things you depend on from your home water heater. The first one is obvious: a **steady and reliable source of hot water** for all your cooking, washing, bathing, and cleaning needs.

The second major function of a water heater might not be as obvious, but it's vitally important: to help **protect your home and family from potentially catastrophic damage** caused by water and gas leaks.

That's why Your 1 Plumber wants you to know about the WAGS (Water & Gas Safety) valve. It's a uniquely designed **shut-off valve** that can stop flooding and other damage resulting from water heater failure.

Here are some eye-opening statistics from the Insurance Institute for Business & Home Safety to show you just how valuable a WAGS valve can be:

- Water heater failures are one of the top five sources of residential water losses.
- 69% of all water heater failures result from a slow leak or a sudden burst.
- Water heater failures cost an average of \$4,444 per incident after the deductible is paid.
- Most water heater failures occur when the water heater has reached its life expectancy and the tank begins to rust and corrode.

Green & Healthy Living Tips

Eat Japanese Food.

In addition to following good dental hygiene, you can help prevent cavities by adding more shiitake mushrooms and wasabi to your diet. Both foods contain compounds that help fight the bacteria that cause plaque and cavities.

WAGS to the Rescue!

The WAGS valve is the only product of its kind that shuts off both gas and water should a water leak occur. It can be installed on all types of water heaters, including non-gas fired.

Here's more about WAGS shut-off valves:

- Fully mechanical and requires no external power supply.
- Can be used to shut off water to other tanks, fixtures and appliances too, such as boilers, pumps and well tanks.
- Sits in a drip pan under the water heater and is activated when leaking water accumulates to a predetermined level in the pan.
- Easily installed on new or older water heaters.

Save on a new WAGS Valve from Your 1 Plumber

To help better protect you and your family, Your 1 Plumber is **now offering a \$45 savings on a WAGS shut-off valve**, including our expert installation.

It's a smart and simple solution to enjoying greater security and peace of mind, all year long

Amazing Fact

The volume of the earth's moon is the same as the volume of the Pacific Ocean.

You Gotta Laugh

"Being a child at home alone in the summer is a high-risk occupation. If you call your mother at work thirteen times an hour, she can hurt you." *Erma Bombeck*
